Find.  
your mode

In the Kia XCeed the possibilities are endless. From its sporty coupé crossover silhouette, highlighted by a fast sloping roofline and SUV-styled wheel arches and side sill, down to the bold 18" wheel design (grade dependant), it's obvious that the Kia XCeed stands proudly away from the crowd. Add generous ground clearance with an elevated yet sporty seating position for maximum visibility as well as sheer driving pleasure and you have the perfect partner for discovering new horizons both inside and out of the city.

Images shown are for illustrative purposes only and not to UK specification. Features are not necessarily standard across the range.

# Expand. your horizons

The Kia XCeed sets new benchmarks in quality, comfort, technology and connectivity. From the moment you sit inside, you'll discover a striking combination of style and substance, from the sleek dashboard to the sophisticated seating and from the highly visible 12.3" TFT Supervision Cluster Display to the 10.25" Touchscreen Satellite Navigation with Telematics. What's more, you'll find Kia's exclusive UVO Connect telematics system - all designed to put you in complete control for whatever adventures lie ahead (grade dependant).

Images shown are for illustrative purposes only and not to UK specification. Features are not necessarily standard across the range.

# Energise. your independence

The advanced Kia XCeed Plug-In Hybrid combines eyecatching design with eco-friendly driving. Thanks to the bold exterior, it's as refreshing to look at as it is to drive

Plug-in Hybrid

## Charging Port

Enjoy convenient charging via a regular 230V household socket or public charging station. The Kia XCeed Plug-In Hybrid is able to recharge the battery at a public charging station (3.3kW): up to 100% in approximately 2 hours 15 minutes.

## 12.3" Full Digital Cluster

The full digital instrument cluster features a 12.3" high-definition display with dedicated Plug-in Hybrid graphics, allowing you to monitor up-to-the-minute information like current driving mode, battery charge and remaining range. This comes as standard on the First Edition grade only.

## 10.25" Navigation System

Kia's latest navigation system takes customisation to the next level, offering you the ability to load up to 3 different applications at the same time thanks to its advanced split-screen function. It can also display the XCeed's powertrain energy flow and the battery status, as well as other Plug-in Hybrid-related information.

## Charging Indicator

Cleverly embedded within the speaker grille in the middle of the dashboard, when you plug in for charging, 3 LED lights tell you the charging status and battery level. Easily visible from outside the vehicle, the indicator is ideal for knowing the charging status of your battery at a glance.

\*There are certain situations in which the petrol engine will automatically activate even when the vehicle is in EV mode. Examples could include: when the hybrid battery state of charge is reduced to a certain level, when acceleration demand is high and/or when it is required to heat up the cabin.

# Kia Charge

## Public charging made easy...

**Anxious about using multiple apps and accounts for charging across different public networks?**

Worry not, Kia Charge gives you access to the vast majority of UK public charging networks including bp pulse, Pod Point, Source London, Instavolt, Shell New Motion, Osprey, Char-gy, IONITY and more. In addition, it works in 28 other European countries in exactly the same way as it does in the UK so you can travel long distance without any worries\*.

### The only app you need

You can start charging using either the app or dedicated card. And you don't have to make any payment on site: Everything is handled as part of a monthly, itemised billing process.

### Reliable, up-to-date information

You have all information at your fingertips. You can apply a range of filters to find the right station, with up-to-the-minute information about availability and pricing.

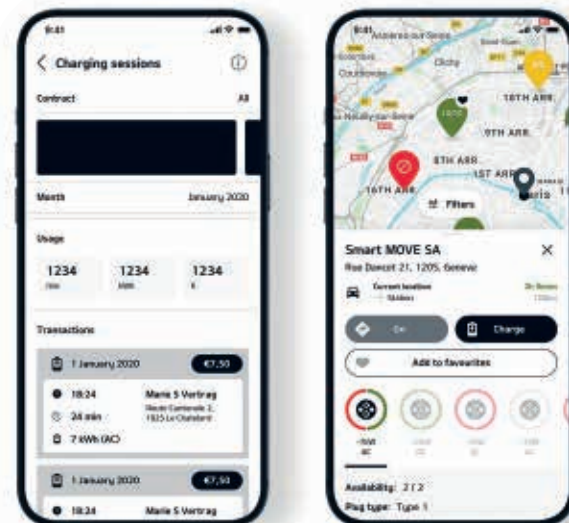

### Transparent pricing with monthly payment

There are two base tariffs to choose from. 'Easy' is a no-commitment tariff for light users of public charging while 'Plus' is for those who tend to charge away from home more often.

### Best value with a range of bolt-on subscriptions including IONITY

You can add up to two bolt-on subscriptions - for bp pulse and/or IONITY - to benefit from the best value possible when charging within these networks.

For more information, visit [kiacharge.com](https://kiacharge.com) or download the mobile application.

\*Charging outside of the UK is subject to the visited country's Easy tariff, regardless of your UK subscription. Kia Charge and KiaCharge.com/gb are offered by Digital Charging Solutions.

# Convenience and Comfort...

Convenience and comfort

This is a crossover that combines bold design for bold thinkers, a spacious interior for intrepid adventurers, exceptional comfort for those who appreciate luxury and a level of convenience that will constantly delight. Open it up with your Kia Smart Key, pack it up using the Smart Power Tailgate, fire it up with the engine start/stop button and get ready for the excitement (specifications listed here are not offered on all grades).

The Kia XCeed is the perfect travel companion. With its dynamic yet spacious new body type you never need to sacrifice style or versatility. The 40:20:40 rear folding seats (grade dependant) and 426 litres of luggage space (291 litres in Plug-In Hybrid models) make for a crossover designed for you.

### Heated front and rear seats

Whatever the weather has in store, the Kia XCeed is always ready for it. The front and rear seats can be heated on cold days. Using three adjustable settings, they warm up quickly and then level off after the desired temperature is reached (grade dependant).

Images shown are for illustrative purposes only and not to UK specification. Features are not necessarily standard across the range.

# Connect. Your World

androidauto

Android Auto™ is designed to keep you perfectly connected to your phone - while minimizing distractions so you stay safe on the road. The simple, intuitive interface lets you access features like Google Maps, apps, music and voice control, and automatically organizes info into simple cards that appear just when they're needed.

Works with  
Apple CarPlay

Apple CarPlay™ is a smart, safe way to use your iPhone while driving. It takes all the things you might want to do, and puts them into your Kia XCeed's display, so you can get directions, make a call and listen to music - all while staying focused on the road.

Infotainment

## Wireless phone charger

Forget cables, just place your smartphone with Qi technology on the convenient wireless phone charger (grade dependant)..

## 8-Speaker JBL® Premium Sound System

For great sound, the Kia XCeed offers a high-performance JBL® Premium Sound System. It features eight speakers and advanced Clari-Fi music restoration technology to improve the quality of MP3s and provide high-definition sound (only available on '4' grade).

Images shown are for illustrative purposes only and not to UK specification. Features are not necessarily standard across the range.

# Kia Connect (UVO)...

## Your free seven-year connected services.

Kia Connect (UVO) opens your Kia to the world of connected services. Once activated, it enables a number of essential digital features in your car. You can also install the Kia Connect (UVO) app on your smartphone and pair it with your Kia to control certain functions remotely and consult a wealth of information about your car.

### In-car services

**Your free seven-year Kia Connect (UVO)**, once activated, uses your vehicle's embedded SIM card to connect it to the world of live data.

#### Real-time traffic information

Your navigation system uses live traffic information to recommend the best route and dynamically predict the most accurate arrival time.

#### Speed cameras and danger zones

Be alerted to speed and traffic light cameras, and to areas where accidents are particularly common.

#### Weather information

With up to three days' weather forecast available, you can check weather conditions at your destination.

#### Points of interest

Are you looking for a place to eat, a local business or the nearest ATM? All this information and more is easily accessible via your Kia's live, connected directory.

#### Parking

Kia Connect (UVO) helps you find available parking locations. It shows on- and off-street parking locations, including prices and likely availability.

#### Fuel station information

The system shows you the nearest petrol stations and prices to plan a refuelling stop.

#### Charging station information (electric and plug-in hybrid vehicles only)

Your car gives you the location of charging stations, with useful information such as availability and charging speeds available.

### Mobile application services

**Once Kia Connect (UVO) is activated in your Kia**, it gives you access to a wide range of useful functionalities through the Kia Connect (UVO) mobile phone application (available on Apple™ and Android™).

#### Find my car and first/last mile navigation

You can check the location of your car from your smartphone. Your app can also use augmented reality to guide you to your car. When driving and parking before reaching your exact destination, your app can give you guidance to walk the last bit of the way using augmented reality or Google Maps.

#### Vehicle status

The Kia Connect (UVO) app gives you an overview of your Kia's status including fuel/ battery level, doors, windows, bonnet or tailgate. It lets you know if any of the vehicle's functions isn't working properly. You can also use the app to consult information about your past trips or to obtain a summary of key stats for your past month's driving.

#### Notifications and remote door control

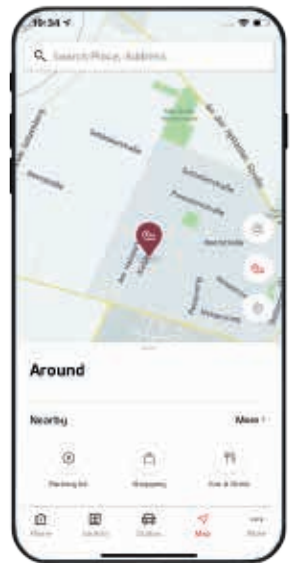

You get warned if your vehicle's anti-theft alarm is triggered or if you left your doors unlocked. What's more, you can lock and unlock doors from your phone, wherever you are.

#### User-profile-linked vehicle settings

Select your preferred vehicle settings from your phone for a tailored experience once you get behind the wheel.

#### Valet mode

Activate the valet mode in your car and you can track its location and speed on the app. Ideal when you lend your vehicle to an airport's valet parking service.

Build your XCeed

# Advanced Technologies...

Whilst the thrill of the road ahead and the excitement of new experiences drive you, it's good to know that you're constantly being protected, too. That's why the Kia XCeed comes with Kia's ADAP (Advanced Driver Assistance Pack) - a range of innovative features and sophisticated technology to keep you and your passengers as safe as possible.

## Forward Collision-Avoidance Assist (FCA)

The FCA system can detect preceding vehicles, pedestrians and cyclist (grade dependant) crossing the road. Using a camera and radar sensors to monitor the velocity of and distance between vehicles, it warns the driver in the event of a potential collision risk by activating a visual alert. In conjunction with pedestrian detection, the steering wheel gives a haptic response. If there is no driver reaction, the car brakes automatically to avoid or mitigate an accident.

## Smart Cruise Control (SCC) with Stop and Go

Using a camera and radar, Smart Cruise Control can regulate both the Kia XCeed's speed and the distance to the preceding vehicle by automatically modulating your car's speed. If the vehicle ahead picks up the pace, the Kia XCeed accelerates up to the set speed. If the vehicle in front slows down and the predetermined safe distance cannot be maintained, the system will reduce the speed, or even stop the car. A helpful feature, particularly in heavy traffic (grade dependant)

## Driver Attention Warning (DAW)

The system detects whether you're losing concentration by monitoring the pattern of the steering wheel, indicator, acceleration and overall duration of the journey. If you show signs of drowsiness or inattentiveness, DAW alerts you and recommends taking a break.

## Lane Keeping Assist (LKA)

No need to worry about drifting out of your lane. Lane Keeping Assist uses a camera mounted at the top of the windscreen to monitor lane markings, and if you move out of the lane unintentionally the system will alert you and even steer the car back into your lane.

## Reversing Camera System with Dynamic Guidelines

The Reversing Camera System with Dynamic Guidelines gives you the full picture when reversing into a parking spot by displaying dynamic guidelines to help guide you into place.

## Blind-Spot Collision Warning (BCW)

The Blind-Spot Collision Warning system has radar sensors that monitor your blind spots and warn you of oncoming cars with a symbol in the side-view mirror (grade dependant).

# Safety and Assistance...

The Kia XCeed is all about giving you the freedom to experience the unexpected whilst making everyday driving hassle-free, with innovative features that enable you to drive more safely. Whether you are negotiating traffic jams, need help with parking or shining a brighter light at night, the Kia XCeed takes care of it so you can avoid any potential danger.

Safety and assistance

## Lane Following Assist (LFA)

LFA controls acceleration, braking and steering depending on the vehicles in front. This makes driving in traffic jams easier and safer. The system uses camera and radar sensors to maintain a safe distance to the preceding vehicle and monitors road markings to keep your car in the centre of your lane (grade dependant).

## Rear Cross Traffic Collision Warning (RCCW)

When reversing out of a parking space or driveway, the radar-based Rear Cross Traffic Collision Warning system alerts you to potential traffic crossing your path.

## High Beam Assist (HBA)

When conditions allow, the Kia XCeed will turn on its high beams automatically. When the camera in the windscreen detects the headlights of an oncoming vehicle at night, the High Beam Assist system automatically switches to low beam to avoid dazzling other drivers.

## Smart Parking Assist System (SPAS)

Smart Parking Assist System makes parking a breeze. It uses front, side and rear sensors to locate a parking spot and assist you with parallel and perpendicular parking. All you need to do is control the brake, accelerator and gears - the system takes care of the steering. It can even help you pull out of parallel parking spaces. (grade dependant)

## Intelligent Speed Limit Warning (ISLW)

The Intelligent Speed Limit Warning gives you all the necessary information to help you stay within the speed limits. Using the camera on the windscreen, it reads speed limits and overtaking restrictions, and displays the information clearly on the navigation screen and cluster (grade dependant).

Build your XCeed

### Powerful engine design

For dynamic driving in the city and on the open road, the Kia XCeed comes with 4 powerful engine sizes and 4 power outputs, ranging from 118 to 158 bhp. Backed by expert engineering at every level, all powertrains have been refined to meet the latest European emissions regulations.

Power train

### Manual transmission

The manual transmission combines quick, smooth gear changes and gear ratios matched to engine torque curves. The result? A perfect balance between power and efficiency.

### 6 or 7-speed dual-clutch transmission (DCT)

The latest-generation 7-speed dual-clutch transmission ensures a sporty drive and excellent fuel efficiency. The Kia XCeed Plug-In Hybrid benefits from a 6-speed dual clutch transmission.

### Drive Mode Selection (DMS)

Designed to push your driving pleasure to the next level, Drive Mode Selection can be operated via a sport button next to the gearstick. Working with the DCT, it increases driving dynamics by providing an improved throttle response and acceleration from idle, as well as optimising performance while overtaking. DMS also offers a better steering response and perfectly complements the 18" alloy wheels for a thoroughly dynamic drive.

# Performance.

Dynamic driving, agility and outright power are at the very heart of what sets the Kia XCeed apart from the rest of the crossover crowd. The powertrains can be configured to maximise performance with 6-speed manual, 6-speed manual iMT, 6-speed dual clutch transmission, or 7-speed dual-clutch transmission to add a sense of responsiveness to every road trip, plus with extra drive mode options every journey becomes a memorable experience.

# Powertrain...

## Smart Technology

At the touch of the Hybrid/Electric (HEV/EV) button located next to the gear knob, you can prioritise between electric and hybrid mode. In EV mode - ideal for urban driving - the system's priority is to use only electric energy for a zero-fuel, emission-free drive; giving you an impressive range of over 36 miles\* of inner-city driving. And when there's insufficient battery charge, the system simply switches automatically to hybrid mode. This mode operates both energy sources, using the petrol engine and the electric motor simultaneously.

Power train

PLUG-IN HYBRID

Picture shown for illustration purpose only.

## Energy flow

## Driving situation

### Start

The engine is started by the 'e-system' to ensure a prompt and smooth start.

### Torque Assist

During acceleration or uphill driving, the 'e-system' provides torque assistance by taking energy from the battery to support the engine.

### Cruising

When driving at a constant speed, the combustion engine partially recharges the battery on the go if the charge level is low.

### Energy Recuperation

When decelerating or braking, the energy generated by the vehicle motion is converted into electrical energy to recharge the battery.

### Moving Stop & Start

When decelerating to a stop, the combustion engine turns off automatically during in-gear deceleration and braking to save fuel.

# Delight. Your Senses

The fun starts here with stylish interior options, carefully selected materials and bold trims; you'll want to get behind the wheel instantly.

## '2' grade

The '2' grade features all-black fabric seat upholstery and striking satin chrome finishes.

## 'Edition', '3' and '3 PHEV' grade

Black cloth and artificial leather-trim seats, featuring high-gloss centre fascia and eye-catching satin chrome dashboard accents.

## '4' and 'First Edition PHEV' grade

Soft, bolstered seats with black genuine full leather for long-lasting comfort.

# Personalised...

Our range of accessories covers all your needs including handy extras to personalise your experience. It also includes many stylish solutions to emphasise the dynamic looks of your Kia XCeed. Whatever you're looking for, we've got you sorted.

## Cross bars, aluminium

Light and easy to install, these strong and perfectly fitting aluminium cross bars help you transport all you could possibly need on your next adventure.

## Rear bumper trim line, chrome optic

A small detail, with a sophisticated touch. Introduce this refined surface finish to your rear bumper in delicate dark stainless steel, for a sleek accent along your rear bumper. Also available in brushed aluminium finish.

## Trunk sill trim line, chrome optic

These glossy stainless steel shields are ideal for adding a refined horizontal detail to the inner sill and rear bumper of your Kia XCeed's load area. Also available in brushed stainless steel finish.

## Roof box

You'll probably need more luggage space than usual. Before you start cramming things into your cabin, enjoy the comfort of this sleek and durable roof box. Easy to install and with dual side opening for extra-fast access.

## Door mirror caps, chrome optic

Attention to detail can make all the difference. Raise the overall visual impact of your Kia XCeed by complementing its exterior styling with these high-gloss stainless steel caps. Also available in brushed stainless steel finish.

### Financing

Your local Kia dealer can help you with a financing plan that's best suited to your needs. Log onto [www.kia.com/uk](http://www.kia.com/uk) for more details

## 10 more reasons to join our Kia family

Now there are even more reasons to buy a stylish, technology packed Kia. Peace of mind comes as standard when you join the Kia family with the Kia Promise - 10 great owner benefits when you buy your Kia and register at MyKia.

There are a lot of things to consider when buying a new car. Compromising on reliability in the long term shouldn't be one of them. That's why Kia have redefined quality and offers a unique, industry-leading 7 year warranty that comes with peace of mind for at least 100,000 miles.

Our Driveaway Insurance has you covered from the minute you leave the Dealership. We will also give you a £250 Excess Return Voucher which pays you back regardless of who you are insured with providing you call Kia Accident Aftercare before you call your insurance company. We will also provide you with a competitive quote for your annual cover.

Our 24/7 Roadside Assistance package is designed for Kia owners in partnership with the RAC. All new cars have complimentary cover for 12 months from the first date of registration. If you register on MyKia, you can unlock Kia Roadside Assistance Plus, giving you the highest level of cover provided by the RAC, including onward travel and European cover.

Order Genuine Kia accessories, where and when you need them! Our Click & Collect service offers choice and convenience, recognising your model from the registration number to ensure you get exactly what you need. Then simply collect at your nearest Dealer, where they can fit them too.

Online service booking offers convenience and flexibility 24/7. Offering quality and value at one of our Dealers nationwide. Kia trained technicians use the latest diagnostic equipment and technology. All of our Genuine Kia parts come with a 2 year warranty. Fully inclusive pricing at the click of a button.

When you own a Kia, you become part of the family and benefit from a relationship based on trust and transparency. When you visit one of our dealers for a service, your vehicle will benefit from a complimentary Health Check, a wash and vacuum and alternative transport if needed. Welcome to the Kia family!

Available to all Kia owners, whoever your insurer and whatever the circumstances, Kia Accident Aftercare will take care of things for you. We will liaise with your insurer, provide a free courtesy car and ensure your car is repaired at a Kia Approved Bodyshop using Kia repair methods and original parts.

Kia offers you free seven-year connected services with Kia Connect (UVO). Once activated in your vehicle, Kia Connect (UVO) enables a number of digital features in your car like real-time traffic data. You can also install the Kia app on your smartphone and pair it with your Kia to interact with your vehicle in new ways.

We have partnered with Pod Point and bp pulse so you can quickly and conveniently charge your electric and plug-in hybrid Kia at home.

Kia Charge makes public charging easy. Kia Charge is the only solution you need to charge your electric or plug-in hybrid Kia across multiple networks in the UK and Europe.
